Practical training:

- Perform tasks and instructions as assigned
- Assist with fitting and maintenance of parts and equipment
- Clean and maintain tools and components
- Apply acquired knowledge in real-life situations
- Complete practical modules

Theoretical training:

- Attend theoretical training sessions
- Complete required subjects for qualification
- Work through theoretical modules
- Implement theory in practice

Minimum requirements:

- Grade 12 (national senior certificate)
- N3 qualification or relevant technical subjects completed up to Grade 12 level (advantageous)
- Strong manual dexterity and practical insight
- Good numerical and decision-making abilities
- Ability to interpret technical drawings
- Proficiency in Afrikaans and/or English (spoken and written)
- Medically fit for physical work

Why choose an apprenticeship at NWK?

- NWK is a Top Employer 2025 – we invest in people and their potential
- Receive structured technical development in a well-established engineering team
- Learn from experienced mentors in the field
- Join a company that supports long-term growth and development
